ABOUT SCCS:

SC CreativeService (SCCS) is an experimental initiative and social enterprise developed by SLEEPCENTER to provide individuals and businesses worldwide with bespoke creative solutions, in exchange for supports to further the unique trans-disciplinary vision and explorations of SLEEPCENTER.

Our service encompasses a mixed range of activities, including space management, place-making, and supporting you (the artist and emerging businesses) with flexible monthly based studios and venues at below-the-market rates, to experiment and showcase your brilliance to the world.

We bridge commerce creativity with our expertise on business and project development, assisting from the master-planning stage, to curation, exhibition delivery, and more. We may also serve as your on-board advisor, together to transform your spectacular idea into actual opportunities that aspire change.

We believe in persistence, sustainability, and the endless possibilities of collective human intelligence. SC CreativeService is a **portable module to maximize the productive efficiency of your human and capital investment**, to support and echo all your creative needs, wildest dreams and adventures with professional development and commerce.
